

The worlds No.1 remote control caravan and boat mover has arrived...

BIGGER & STRONGER

CT1500

CT2500

CT4500

2 Year warranty

The Robot-Trolley CT1500, CT2500 and the CT4500 ensure hassle-free, safe manoeuvring and positioning of your caravan, boat, or trailer into tight spaces.

All models require an additional attachment bracket.

Simply attach the bracket, connect your Robot-Trolley, and using your handheld remote control, start positioning effortlessly your caravan, boat or trailer.

Robot-Trolleys require no after sales installation, and dispense with the need for tools or electrical wiring. They also negate the use of your jockey wheel, eliminating the possibility of damage to your

drawbar and/or jockey wheel.

Robot-Trolleys can operate on a variety of surfaces (surface must be firm) thanks to its two heavy duty rubber tracks driven by planetary geared motors which are powered by a rechargeable lithium-ion battery.

The Robot-Trolley moves at 9 meters per minute.

Robot-Trolley is a revolutionary hi-tech product manufactured according to the most modern design principles combined with cutting edge technology.

WORLD'S NO.1 CARAVAN & BOAT MOVER

Robot-Trolley is operated by a hand-held remote control, which comes with batteries included.

Your remote is individually security chipped and coded to your Robot-Trolley.

No other remote control unit can operate your machine.
